**Subject:** Duke Power Increase

I do not want to see an increase for Duke Power Company.  
People in American are having a hard enough time paying all their utility,  
plus groceries and their meds. Especially those who are on a fixed income.  
For the last several years Social Security recipients did not get an increase in their  
pay checks, therefore, it makes it even tougher on those who have to live and pinch  
pennies.  
Please do not allow this increase at this time in our economy.  
I would also like to see tax records for Duke Power, how much did they pay in  
State taxes for the last several years.  
Sincerely,  
Vanessa S. Payne
